Brightful Case

Of a Colored Man.

I contracted a fearful case of blood poison in 1872. I was visited by some of the best physicians in Atlanta. They used the old remedies of Mercury and Potash, which brought on rheumatism and impaired my digestive organs. Every year in the winter I was laid up with the disease. When I had been given up to die, a physician who had seen the workings of the medicine in other cases, brought me a bottle of Dr. Williams' Pink Pills. I took a few pills, and the next day I was able to get up. I continued to take them, and in a few weeks I was completely cured. I have since taken several bottles, and I feel as well as ever. I am now a healthy man, and I am able to do my work. I am now a healthy man, and I am able to do my work.

SUNDAY SERVICES.

An Interesting Speech from Elder Wm. Fotheringham.

The services in the Tabernacle on Sunday afternoon were commenced by the choir singing the hymn:

All praise to our redeemer, Lord, Who joins us by His grace.

The opening prayer was offered by Elder Henry P. Richards.

The choir sang another hymn:

We'll sing all hail to Jesus' name, Hallelujah and praise we give.

The Sacrament was administered by the priesthood of the Fifth Ward.

Elder Wm. FOTHERINGHAM addressed the congregation and said, no doubt many that are present are anxious to know somewhat of my recent experience in the Utah Penitentiary and which I may refer to this afternoon.

It is a more important subject than it appears to be. It is referred to in the Book of Elder, (a portion of which he read). The earth on which we dwell is a marvel and a wonder to man. There are no miracles only to the ignorant. The history of the travels of Jared and his people from Egypt unto this continent, after the confusion of the Tower of Babel is replete with marvels and wonders. The promise of the Lord unto them was that they should be brought unto a choice land of great promise. It is evident that some years elapsed during their journey from home until they reached the Pacific Ocean which they had to cross to reach this continent. The ocean portion of their trip occupied three hundred and forty-four days. Arriving on the shores of America, they increased and prospered during a period of sixteen centuries, until division of faith occurred, they neglected to continue to serve God, and wars and desolation devastated them. There is a prophecy that America, a choice land, should be inhabited by those who will serve God; and that whenever wickedness should increase and prevail that its inhabitants should be destroyed. This has already been the history of two nations that have previously occupied this continent. The ancient and buried ruins of cities as discovered by Stephens and Catwood and other travelers, substantiate the history as told in the Book of Mormon. The nation of today, our nation, has grown in unbelief and wickedness, until it will not be long before the curtain of events will be lowered and destruction overtake them. The hand of God has been manifested towards this land, and in the days in which we live it will be the scene of great and important events. The discovery of this land by Christopher Columbus, its subsequent settlement by a Christian people, the forming of our present government and framing of its Constitution were events all ordained by God preliminary to bringing about the introduction of the gospel of Jesus Christ in its original purity and power. The ancient records laid up in the Hill Cumorah were revealed by the angel to Joseph Smith, and power and authority given to him, a mere boy, to translate the records. God aided him to withstand the opposition and persecution that arose and enabled him to establish this church. Its rise and progress has been a literal fulfillment of ancient prophecies. It has been established after the ancient pattern, with apostles and prophets, helps and governments, and presents to the world to-day a perfect plan of salvation. It would be well for all people to examine into these things. The grand secret of all the opposition we are meeting with is that the heavens have been opened and God has again spoken to man. The learning and pulpits of to-day are arrayed against the truths of this work to which we can testify. They have legislated against the work of God, and say we must not believe in that which God has commanded us. The nation that shall dwell on this land shall serve God and whenever they forget to do so, and their cup of iniquity is filled, destruction shall overcome them, so have prophesied the ancient servants of God. It behooves us to be prudent and conditionally walk in the light of His truth, or the same fate will overtake us, as it certainly will all those that do wickedly. The American nation have not chosen to do so, and we cannot find any fault with them. Anath is heaping upon them, for in force is the only power that can destroy force. God will reason with them and bring them to their senses in His own way. We have no anxiety against anyone, and must keep our hands clean of the blood of all men. We are the servants of God and must do His will. If circumstances come along that compel us to go to prison for righteousness sake, we must be firm and stand it like men however unpleasant it may be. The speaker related his recent experience while serving out a term of three months in the Utah Penitentiary. The Warden was very gentlemanly and treated him with uniform kindness. If the Saints are true to their religion, such experiences will not again befall them. The world is becoming in a serious and ruinous condition, and if we can do its inhabitants any good let us labor to that end; and that God may continue to bless us is my prayer, Amen.

The choir sang an anthem, "Zion," with soprano solo by Mrs. Nellie Drake Pugsley.

Benediction pronounced by Elder Joseph McMurrin.

Supremely Delightful

To the emaciated and debilitated invalid is the sense of returning health and strength produced by Hostetter's Stomach Bitters. When that promoter of vigor is tested by persons in feeble health, its restorative and vitalizing potency soon evinces itself in improved appetite, digestion and nightly repose, the sole conditions under which strength and nerve quietude is vouchsafed to the human system. A gain in flesh of course ensues upon the restoration of digestion and assimilation. As surely as winter follows the fall of the leaf, does disease shadow the footsteps of declining strength, when the premature decadence of vitality is not arrested. Nervousness, consumption and other wasting maladies are prompt to fasten upon the enfeebled. Avert disease, therefore, with the grand ennobling tonic, which not only renews falling strength, but mitigates and counteracts the infirmities of age and those of the gentler sex. Rheumatism, malaria, liver and kidney troubles yield to it.

A WIFE WANDERS AWAY.

Mrs. Ed. Wallace Missing—Supposed to Have Come to Salt Lake.

A North Denver lady has mysteriously disappeared. The lady is Mrs. Laura Wallace, wife of Mr. Ed Wallace, an employee of Hallack & Howard. Mrs. Wallace left home on last Saturday, the day of the Grant funeral parade. She came into town that afternoon with her husband and 5-year-old son to see the parade. She returned home with her little boy after the parade was over, but Mr. Wallace, who belonged to the Carpenters' union, remained in town and attended a meeting of the union that evening. During the early part of the evening Mrs. Wallace remained at home and seemed to be in the best of humor. She told her neighbors that her husband and herself had been talking about building a new house and that she had been trying to get him to buy a horse and buggy. Mr. Wallace had been in ill health for a couple of weeks and she thought he had too far to walk to his work. The neighbors saw Mrs. Wallace between 6 and 7 o'clock that evening, but did not see her after that night. Mr. Wallace came shortly before 10 o'clock this evening. The little boy was asleep, having been put to bed. Mr. Wallace was nowhere to be found. The neighbors could tell nothing as to her whereabouts. Mr. Wallace discovered by searching the house that his wife had taken several dresses and some other articles with her. All Saturday night he watched for her return. All day Sunday he remained at the Union depot. He watched the trains, but she did not appear. He told his story to the depot policeman.

There is a story going the rounds, which may prove but an idle tale, that she has eloped. The neighbors say that she was quite intimate with a man named John Robinson, who used to board at her house, and they think she has gone to Salt Lake with him. Mr. Wallace does not believe this story. He believes she has run away, but he does not know for what reason or with whom she has left home. He trusts her still and is well nigh heart-broken. She was a very handsome woman of twenty-four or twenty-five years of age. Her husband says he never had any trouble with her and had received no warning that she was going away. He thinks her mind must have been affected. Mr. Wallace is well liked and much respected by his neighbors. He owns the property where he resides and is in well-to-do circumstances. —Denver News.
